件名: RE: AOM Milena - Request quote for supply of LSFO sulphur content less than 0.1%

Good day Amit – I spoke with several barge companies and they have advised that they are very busy in New York Harbor and going to Bridgeport may not be an option.

They also advised that they could not give me pricing or minimum quantities, as charges vary from supplier to supplier.

So again what I suggest is that you go thru Bunker Broker channel and get a cost for say 100 mt delivered to Bridgeport ex-barge.

I am sorry I cannot be more helpful, but not a usual request

Best regards
Joe

Subject: RE: AOM Milena - Request quote for supply of LSFO sulphur content less than 0.1%

Amit – I will work on it tomorrow morning, but suggest you get a price on fuel from yr bunker broker, as I have limited suppliers to chose from. I will work on barge cost, but broker can also get This for you. What is the quantity you are looking for, this would be helpful as I do know of small barge, but not sure if they will come all the way to Bridgeport.

Best regards
Joe

Dear David and Joe,

Greetings.

Trust that you all had a pleasant New Year.

Ref our earlier discussions on supply of LSFO sulphur content less than 0.1pct at Bridgeport anchorage, understand that the barge needs to come from New York. Under such circumstances, your kind advise on following would be highly appreciated

- 1) Minimum quantity that the barge can supply
- 2) Estimated quote for minimum supply
- 3) How many days' notice required and time frame for the supply.

View urgency of situation, your earliest response would be highly appreciated.

Many thanks.

Kind regards

Amit

Subject: RE: AOM Milena - Request quote for supply of LSFO sulphur content less than 0.1%

Good day – Pls note that there are no bunker barges available in Bridgeport. The barge would have to come from New York and is very expensive. Pls advise quantity you are looking for
And we can try and get a quote.

Best regards

Joe

Subject: AOM Milena - Request quote for supply of LSFO sulphur content less than 0.1%

Good day Gentlemen,

Greetings of the day.

May we receive a quote for supply of following fuel oil to AOM Milena at the present anchorage position Bridgeport.

Low Sulphur Fuel Oil – Sulphur content less than 0.1 pct

Quantity required: %)MT.

Your earliest reply would be much appreciated.

Regards
